## **Internet ha cambiado nuestras vidas y la forma de comunicarnos ha cambiado para siempre**

Cisco destaca diez formas en que la Red ha cambiado para siempre nuestras vidas durante la última década:

1. Acceso a la información. La web es actualmente la mayor fuente de información. Basta con teclear en un buscador lo que nos interesa conocer, ya se trate de consultar las noticias, la dirección de un taller o recomendaciones dietéticas.
2. Entretenimiento. La televisión ha dejado de ocupar la mayor parte de nuestro tiempo de ocio. Internet es el medio más consumido, disfrutar de juegos y películas online, compartir y visualizar vídeos en streaming son las principales actividades, siendo el usuario quien elige qué consumir, cómo y cuándo (ocio a la carta).
3. Comunicación. La inmediatez del e-mail ha remplazado a las cartas tradicionales, la mensajería instantánea y las redes sociales se imponen en gran medida frente al teléfono. Además, nos brindan la oportunidad de relacionarnos con otras personas sin necesidad de estar físicamente presentes.
5. Consumo. Podemos comprar con total comodidad 24 horas al día, sin importar dónde nos encontremos. El dinero en efectivo se vuelve obsoleto frente a nuevas fórmulas de pago.
6. Trabajo. El trabajo ya no es un lugar físico, sino una actividad que puede llevarse a cabo en cualquier momento y lugar.
7. Formación. Internet ofrece múltiples oportunidades académicas: cursos online, tutorías virtuales,... Apoyándonos en la banda ancha y las últimas tecnologías podemos formarnos a distancia desde la comodidad del hogar.

## CERTIFICADO DE NIVEL INTERMEDIO B2 - MODELO 1 INGLÉS

### MEDIACIÓN LINGÜÍSTICA ORAL

Preparation Time: 4 minutes / Speaking Time: 2-3 minutes

**You have a British friend who wants to give up smoking. However, he is really worried because he has tried hard several times but he hasn't been successful. You have found this article below. Explain the most relevant information to him.**

Dejar de fumar no es una tarea fácil, ya que estamos hablando de una adicción, y la mayoría de los fumadores se preguntan cómo hacerlo. El primer paso y el más fácil es reconocer y ser conscientes de los problemas que este consumo puede ocasionar a nuestra salud y a la de las personas de nuestro entorno. La siguiente infografía ha sido elaborada para ayudarle en el proceso de abandono del tabaco.

## Consejos para dejar de fumar

### La decisión de dejar de fumar:

Decide anticipadamente la fecha en que dejarás de fumar.

Esta fecha será inamovible, y dejarás el tabaco totalmente, de golpe (no sirve "fumar menos").

Haz público tu objetivo a tu entorno, familiares y amigos, para recibir su apoyo y ayudarte en este paso.

### Los días previos a dejar de fumar:

No compres un paquete de tabaco hasta que hayas finalizado totalmente el paquete anterior.

No compres dos paquetes seguidos de la misma marca, y procura comprar marcas que te gusten menos.

Establece horas para no fumar.

Cuando tengas ganas de fumar, espera 1-2 minutos, respira profundamente varias veces y piensa si realmente lo necesitas.

Tira los pitillos cada vez más largas. (Menos consumidas)

Cambia los hábitos y rutinas de tu conducta relacionados con el tabaco los días antes de dejar de fumar.

Haz ejercicios respiratorios de relajación: inspira profundamente y suelta poco a poco el aire por los pulmones, durante todo el día.

Limpia las diferentes habitaciones dónde estés habitualmente y líbralas del olor de tabaco. Deja de fumar en estos sitios.

### CERTIFICADO DE NIVEL INTERMEDIO B2 - MODELO 1

Preparation Time: 4 min / Speaking Time: 2-3 min

You work for an online mid-size company. Your boss has called a meeting for you and another colleague of yours to come up with ideas to modernize your business. You have found the information and the infographic below.

Before the meeting with your boss, talk to your colleague and explain the most relevant information and anything you think may be useful.

#### TRES IDEAS PARA MODERNIZAR TU NEGOCIO

**Nuevas formas de ver el cambio:** Es bueno plantear el cambio de forma continua. La experiencia demuestra que el 75% de los grandes proyectos de cambio fracasan, por mucho esfuerzo y planificación que se realice, mientras que el cambio, como proceso continuado, funciona.

**Nuevas redes de contacto:** ¿Alguna vez se ha planteado usar Twitter como centro de soporte del negocio? Para ello, solo hay que abrir una cuenta específica. Los 140 caracteres que permite esta herramienta implican que tanto el cliente como la compañía han de ser específicos al exponer problemas y soluciones. Redunda en una mayor eficacia y agilidad.

**Nuevas opciones laborales:** como la flexibilidad horaria o el teletrabajo son muy valoradas por los empleados, hasta el punto de que muchos las incluirán entre los principales motivos para decantarse por uno u otro puesto de trabajo. Afortunadamente, la tecnología ofrece múltiples opciones para facilitar estas nuevas formas de trabajar.

## Mushroom Pierogies

### INGREDIENTS

#### Dough

2 cups flour

1 cup hot water

1 egg yolk

½ teaspoon salt

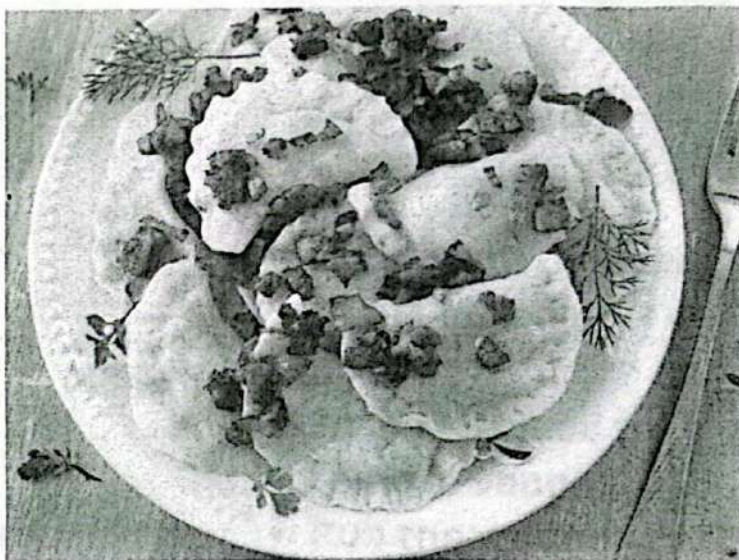

#### Filling

8 large mushrooms

1 medium yellow onion

olive oil (for frying)

salt and pepper

### METHOD

#### To make the dough:

Mix the flour and salt in a bowl. Make a hole in the middle of the flour and pour in half of the water. Mix the flour and water. Then add the egg yolk. Mix until you get a soft dough. If your dough is wet, add a bit more flour. If it's too dry, add more water.

#### To make the filling:

Wash and cut the mushrooms into small pieces. Peel and cut the onion. Heat a pan and fry the onions and mushrooms until they are soft. Add salt and pepper to taste.

#### To make the pierogies:

Roll out the dough until it's very thin. Then cut out small circles. Place some filling in the middle of each circle. Fold the circle and press the edges together. Boil a saucepan of water and put the pierogies into the saucepan. Boil for around 6–8 minutes, until the pierogies are soft. Serve with warm butter and bacon if you like.
